WHERE THE BOYS ARE

MEMORIES ARE

THEY DID IT AGAIN!!

FOREWORD

We, the 1962 Hourglass staff, hope that this annual will become one of your most prized possessions and that you may look back over the faded snapshots and remember the good old days at W.H.S.

Our high school days are filled with cherished memories. Some you remember better than others, such as that important game you wanted so much to win, your first school dance, the class parties, the thrill of being a senior, and at last the wonderful feeling of accomplishment when that coveted diploma is placed in your hands.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '62 we shall be content, knowing that we have done the thing we were called upon to do.

To help remember the special events of the past year, we present to you, the student body of Wilmington High School, the 1962 Hourglass.

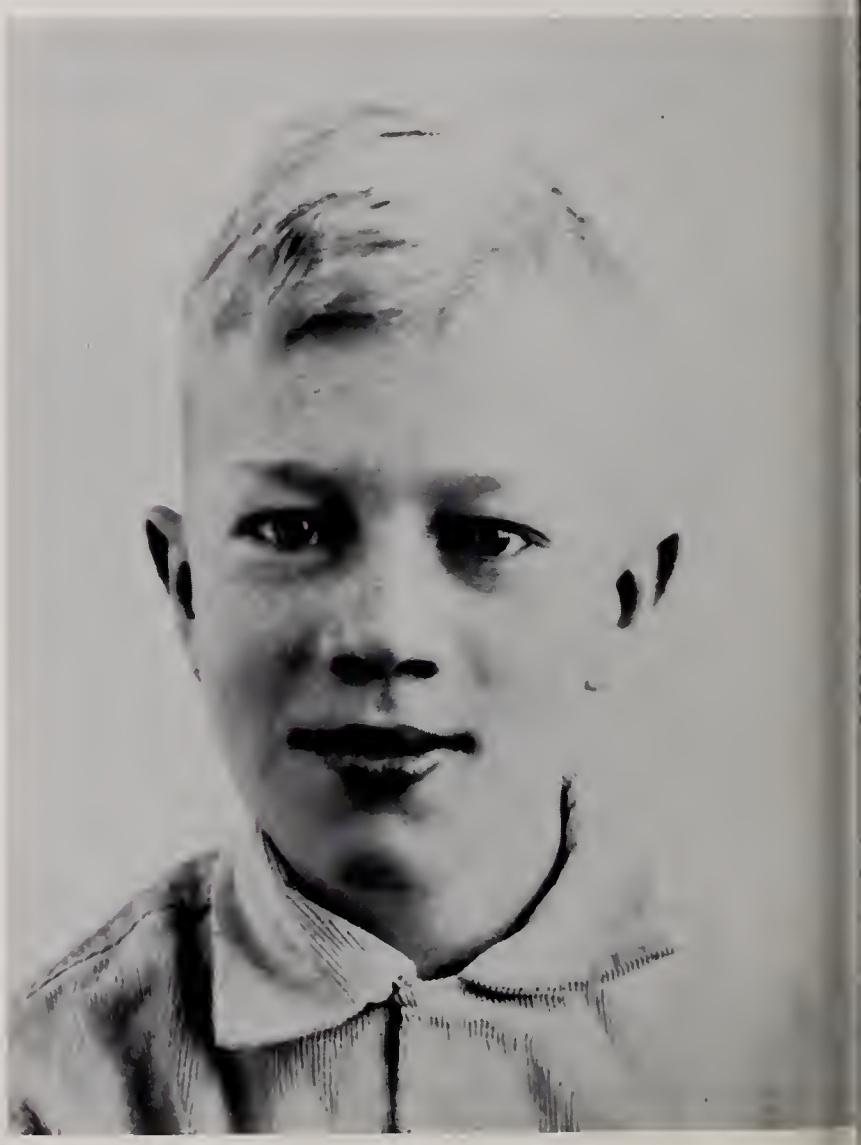
IN DEDICATION

We, the students of Wilmington High School, the class of 1962, wish to express our sincerest gratitude to the late Dr. Dudley Buck. His unfailing interest in the students of Wilmington and his willingness to improve the school educational system have helped us realize our duties as a growing generation. In appreciation of his many contributions to the schools of Wilmington, we dedicate our yearbook, with fond memories, to the late Dr. Dudley Buck.

IN MEMORIAM

In memoriam to our classmate Donald Wood, we, the class of 1962, take pause to honor his memory. He was taken from us just before our freshman year and we shall always hold his memory in our hearts.



Congratulations to the Class of 1962!

Your performance in the classroom, on the athletic field, and in the community at large these past four years has been a source of much pride to the School Committee and the Townspeople. It augurs well for your future.

The members of the School Committee join with me in extending to all of you our best wishes for happiness and success in the years to come.

Harold S. Shea
Superintendent of Schools

Nineteen hundred and sixty-two has been an outstanding year in the annals of our country. Science and technology are at an all time high. The United States has arrived in the Space Age with Colonel John Glenn's successful orbiting of the world.

Nineteen hundred and sixty-two is also the year of your graduation from Wilmington High School. We trust that it will be an outstanding year for each of you. We further hope that whatever plans you launch this year will be as successful as the launching of Colonel Glenn. However, it is well to remember that the space flight, so expertly maneuvered, did not take place solely by Colonel Glenn. Nor did it involve merely those few phenomenal hours in outer space. Countless men had both feet on the ground and put in endless months of planning and preparation before this space flight could be achieved.

So too in your own case. countless parents, teachers, administrators, and civic minded citizens have spent years in the planning and preparation that has enabled you to launch your various careers. Dream the loftiest dreams, but keep both feet on the ground that you may see them materialize.

Bernard P. McMahon,
Principal

As you leave Wilmington High School I would remind you we have two challenges to our way of life.

First: The threat of Communism.
Second: Corruption in public office.

Everyone is now aware of the challenge of Communism. The second could be dangerous too, because it is decay within and might be easily overlooked.

Our forefathers gave us democracy, a system of government under which we may govern ourselves through representatives of our own choosing. It is a system which depends upon us, the people, for its very life. Because it is government by the people, it can be no better than we, the people, are willing to make it.

Democracy then is a challenge to all of us, not just to a few of us some of the time. If we are to maintain and enjoy our democracy, we must meet both of these challenges. We must all work to make democracy work. It is imperative!

Members of the Class of 1962:

As your advisor over the past few years I would take this opportunity to congratulate you upon the successful completion of your high school days.

At a time such as this, perhaps, it would seem appropriate to reminisce over the past four years. However, why do this? As you page through this book the past four years will be recalled anyway. Rather, I would like to look ahead to the future and what it holds in store for you.

Some of you will go on to school and then go into the professions. Others of you will go to work in offices or at trades. Still others of you will go on to serve your country in the armed forces. Your destiny will now be more in your own hands than it has been in the past. How you will shape this destiny will be up to each one of you.

As you shape your destiny remember the words of Colonel John Glenn, "Freedom, devotion to God and country are not things of the past. They will never become old-fashioned."

Do not be misled by a materialistic society. Have ideals. Stick to them. Aim high. Do not be content with mediocrity. Strive always to excel in whatever you do.

CLASS

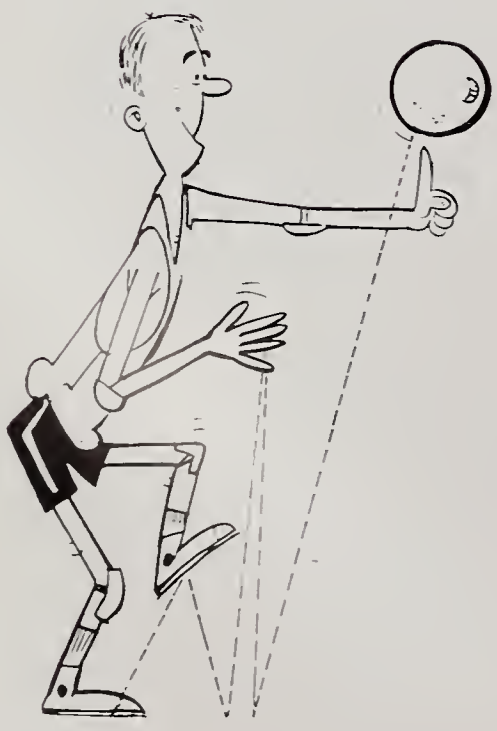
SPORTS



Lowell Suburban League Champions

FIRST ROW: R. Froton, D. Moegelin, A. Hall, J. Fairfield, D. Fuller, E. Woods, K. Field. SECOND ROW: R. O'Leary, F. Perdicaro, F. Munroe, R. Allard, J. Bowen, F. McLaughlin.

O'Leary breaks into the open.

BURLINGTON 30-8

The Wildcats chalked up their first victory as they overran the Burlington team 30-8. Jackie Bowen and Bob O'Leary each scored one touchdown with Frank Munroe going over the line for two. Ricky Froton held his own by scoring one field goal and three points after.

BILLERICA 12-0

Billerica, a formidable opponent, fell under the pressure of the Wildcats as we won 12-0. The two winning touchdowns were scored by Dick Allard and Kevin Field with the entire team holding up their defense through the entire game.

Field goes for another t.d.

Munroe being brought down.

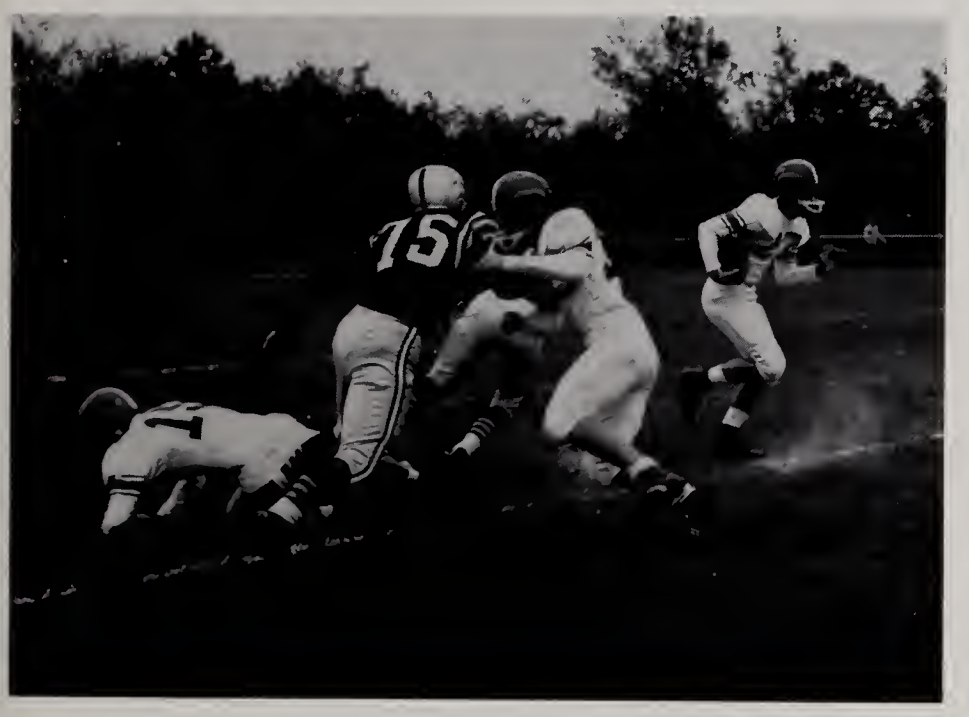
BEDFORD 20-0

Sailing toward their third victory, the Wildcats ended the game with a score of 20-0. Kevin Field hit pay dirt twice and Bob O'Leary once with "Golden Toe" Frotton completing two points after.

DRACUT 14-6

14-6 spelled the result of the Dracut game, with Wilmington coming out with a fourth victory. Bowen tripped over the line for both touchdowns with Ricky Froton holding up his end with two points after.

The line up.



Good blocking springs Field loose.

CHELMSFORD 18-18

The fans began to worry as the Chelmsford Lions began to score, but Wilmington held them to a tie. Dick Allard's one touchdown and Jackie Bowen's two, held the opponent in check. It was an exciting game for all.

Bowen takes handoff from Allard.

NORTH ANDOVER 26-6

The fifth victory came easy as the Wildcats trampled North Andover 26-6. Fran McLaughlin, Dick Allard, Jackie Bowen and Kevin Field each had a try at pay dirt as 24 points were scored with Kevin Field adding two points after to complete it.

Fuller leads blocking for Field.

NORTH READING 19-0

A score of 19-0 kept the Wildcats on top for the sixth victory. The green and gold fell under the strain as Kevin Field scored two touchdowns and Dick Allard one. "Golden Toe" Froton was in there with one point after.

LYNNFIELD 14-6

The boys met their strongest opponent in Lynnfield and still came out on top. The Wildcats pulled an upset victory to gain a seventh victory. Dick Allard and Jackie Bowen each scored six points with Kevin Field acquiring two points to keep the Wildcats well out in front.

Bowen goes up and over.

T.D. pass Allard to Field.

TEWKSBURY 18-6

Probably the most suspenseful and heartwarming game was the last where the Wildcats clinched the championship title by toppling Tewksbury 18-6. On the transplanted grandstand, the fans watched Frank Munroe score two touchdowns and Field one to assure the title.

CROSS COUNTRY

FIRST ROW, L. to R.: J. Boeri, R. Wahl, R. Zwicker, R. Curtis, J. Bovitz, W. Souza. SECOND ROW: Mr. Kelley, Coach, T. Wahl, W. Hennessey, E. Latta, J. Stanley, K. Paglia, D. Licari, and T. Hand.

1961 was indeed a rebuilding year in cross country as Wilmington had a lone senior, Captain Ralph Zwicker, on the squad. October 27 marked the highpoint of an otherwise frustrating year as Dracut was defeated over the 2.6 mile Wilmington home course. Exceptionally strong Billerica and Chelmsford teams proved that experience pays off as they completely outclassed the freshman-junior-dominated W.H.S. forces. Bolstered by a fleet jayvee crew, a strong junior nucleus should help Wilmington rise again to a position of contention in Lowell Suburban League competition.

BASKETBALL

Breaking out of a slump can be a lot of fun. Wilmington High's baseball team snapped one at the start of the season, thanks to a no-hitter by pitcher Ricky Froton. Coach Gilligan's nine caught fire to clinch the Lowell Suburban League title with a 12-2 record for the second year in a row and a berth in the Class B Eastern Mass. schoolboy baseball tourney for the third straight year. In the opening game Wilmington blanked Newburyport 5-0 and then went on to end Woburn High's hopes of repeating as Eastern Mass. Class B Champs with a 6-4 victory. In the semifinal round the Wildcats from Wilmington defeated a more highly rated Cathedral High School of Boston on the Newton High School field by a score of 7-6. In the championship game played at Boston College the Wildcats had the edge early on Barry Needham, highly rated Randolph pitcher. Leading 4-0 going into the fifth inning Wilmington suddenly found itself on the short end of a 5-4 score as the Randolph nine exploded for five runs. In the seventh inning Wilmington tied it up 5-5. The final blow came in the last of the ninth inning as Randolph pushed across a run to walk away with the championship. Although the Wildcats lost a thrilling finale to Randolph they proved to their school, their community, and the entire state that Wilmington has what it takes to make a winning team. With a record of 15 wins and 3 losses the 1962 baseball team will long be remembered as the best team to emerge from Wilmington High.

In spite of losing some outstanding performers through graduation of the Class of 1961, the '62 edition of the Wilmington High School track team proved the strongest in the five year history of the sport at W.H.S. The dual meet record stood at four wins and two losses but in overall analysis, the Lowell-Suburban League was much stronger than previous years. In team competition, Wilmington suffered a 15 point loss at the hands of a powerful Chelmsford squad and absorbed a 6 point defeat in a squeaker at North Andover. Billerica. Dracut, Tewksbury and North Reading bowed to the well-balanced Wildcats.

Individual performances were highlighted by no less than 6 school records as Senior Bob O'Leary accounted for two, and had a hand in a third. Junior Frank McLaughlin set a school mark in the 440 (54.3) while Sophomore Jon Fairfield established school and league records in the shot put (51' 4") and discuss (142' 4"). The former was also a new record in the freshman-sophomore division of the G.B.I. outdoor meet. O'Leary capped a brilliant 99 point season with school marks in the 220 (22.9-G.B.I.), 100 (10.5 wind assisted against Chelmsford) and anchored a 1:37.5 clocking in the 880 relay at the State Meet.

It is unfortunate that two outstanding team efforts resulted in defeats. The villain in each case was Chelmsford—a team loaded with outstanding individuals. The 8-1 point splits in the 880 and 220 cost Wilmington a 53-38 defeat. Even in defeat Wilmington managed to win the battle of first places 7-4. The superior depth of the Chelmsford squad proved too weighty a burden to overcome. The same was true in the six team conference meet as these two teams divided all ten first places evenly but Chelmsford's greater strength in seconds, thirds and fourths, accounted for its 9½ point spread. New meet records were established by Captain Ronnie "Lapless" Knight in the mile, 4:48.7; Bob O'Leary in the 220, 23.5; and Jon Fairfield in the shot put, 50' 11¾" and discus, 136' 5".

The State Meet saw fine performances on the part of all W.H.S. competitors, but Jon Fairfield was the only point scorer with his 51' 2¾" heave in the shot. The following week a toss of ¼ inch less qualified him for the New England Championships where his 50' 8" throw allowed him eighth place. Not bad for the young sophomore!!

The six graduating seniors—Capt. Ron Knight, Bill Burns, Dan Moegelin, Bob O'Leary, Steve Ridley and John Weed will be missed both because of their point contributions and team spirit.

(ROW 2): Miss Dadoly, coach; C. Kasabuski, timer; E. Corum; J. Randell; B. MacDonald; P. Montague; J. Laffin; E. Sullivan; E. Brisbois (manager).

The basketball team had a most successful season under the direction of Miss Dadoly and Captain Eileen Tupper. The team ended the year with a record of thirteen victories against only two defeats, both of which were to Billerica.

High scorer was Joyce Randell with 311 points, followed by Elaine Sullivan, 150 points, Peg Montague, 68 points. Judy Halpin, 47 points, and Esther Corum, 32 points.

SOFTBALL

FIRST ROW, Left to Right: J. Fairclough, P. MacLeod, E. Corum, D. Sutton, D. Enos, and J. Milone.
SECOND ROW: Coach McCarthy, E. DeStefano, J. Halpin, D. Chapman, P. Montague, N. Slater, and M. Arfwedson.

Due to much rainy weather, many of the games were cancelled. Frances Simes, the team's only senior, was the starting pitcher. The outstanding players were switch-hitter and first baseman, Nancy Slater, and pitcher, shortstop and sometimes outfielder, Peggy Montague. Other regular starting members of the team from whom much improvement was noted were Judith Halpin, Esther Corum, Mary Arfwedson, and Ellen DeStefano. Newcomers included Joan Fairclough, Donna Sutton, Dorothy Chapman, Dolores Enos, Janet Milone, and Pat MacLeod.

ACTIVITIES

HIGH SCHOOL BAND

The Wilmington High School Band, eighty members strong, has improved immensely under the able direction of Mr. Alfio Graceffa during the past few years. Completely outfitted with new uniforms, they outdid themselves at the Spring Festival of Fine Arts at which they played many pieces of fine concert music. This year the band has proven itself to be one of the best in the area.

This year The National Honor Society attempted to attain the purposes of this Chapter which are to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage development of the character of students in Wilmington High School.

The elected members of this Chapter must attain an average of 85 per cent or better during the first three years of their high school career. They are considered for membership on the basis of scholarship, service, leadership and character.

For the first time in the history of Wilmington High School, the National Honor Society had a formal initiation ceremony where the Junior and Senior members were inducted into the Society by some of the members of the Haverhill High School Chapter. This initiation was witnessed by the faculty members and members of the student body. It seemed to be a stimulus for the underclassmen to work harder so that they might someday obtain membership in this national organization.

VALEDICTORY

Here we are gathered at another Wilmington-High-School graduation. In the course of events that shape men's lives, a high school graduation may seem somewhat insignificant, but to us seniors, it is one of the most important and one of the happiest times of our lives.

On this occasion, in the seniors' behalf, I am to present their "Valedictory" their "Farewell." It is a very fond and a very sad farewell we bid you administrators, teachers and undergraduates.

Although the spotlight today is on the seniors, on this their graduation day, we would be *severely* remiss if we failed in turn to honor those who have made this day possible, our parents and our teachers.

We shall always honor you as we do now for we have received from you the *one thing* that will most influence our lives in the future. I speak of the *light* that you have placed in each of these one hundred forty minds. I speak of the light of education. We shall be eternally grateful for this light that you have engendered in our minds.

With it we are called out of darkness!! For when a mind does *not* contain this light, it is actually in utter darkness, it is steeped in ignorance and a creature in ignorance leads a very miserable life indeed.

We need only think of the American heroine Helen Keller. She can neither see nor hear. In her youth she was in utter darkness. Her eyes saw no light. Her mind contained none. Signs she could not see. Words she could not hear. She was a *miserable* human being! For she could communicate with *no other* living soul. She was wild and reduced to something more animal than human. Finally a light was brought into her life by a teacher, Ann Sullivan. *She alone* could communicate with Helen Keller by tapping her fingers in the palm of the other's hand and gradually Helen Keller herself became a brilliant light whose wisdom we witness today. Through the genius of Ann Sullivan, Helen Keller was called out of darkness.

Unlike Helen Keller, we students are not blind. But until our teachers took us out of ignorance, we could not really see. Now before our knowing eyes is a vision far greater than what eyesight alone reveals. And in this vision we can find truth. If the whole truth consists of the individual truths, and if we could discover all knowledge and comprehend all aspects, then we could see the greatest and most intense light.

We may pick up a lump of coal, examine it, and see only a little black solid. But in this intense light of education we can see far more than a mere lump of coal. We can see the size of this little solid. We can see its bluish black color as it absorbs all light striking it. It is a valuable fuel and we can see why it is called the black diamond. However, we still do not know the whole truth about coal. Let us investigate the history of the shiny black lump. We can see the forests that once stood, the blankets of earth that the ages pushed over them, the heat and pressure that this caused; and the lump of coal that resulted.

Now with the light of education we can also understand something about the structure of the coal. We can point out the molecules and atoms of carbon, the nucleus with protons and neutrons, and the electrons in their orbits about the nucleus—all in numbered energy levels of probability. And we can go on and point out thirty other minute nuclear particles contained in this little solid.

But imagine, instead of this inspiring vision, ignorance sees merely a lump of black coal!!

Let us take another point of view.

How often at night we see the brightly twinkling stars imbedded in the deep blue darkness of space. We see the broad white ribbon of the milky way flowing across the heavens. Although the earth is in the galaxy of the milky way. we cannot discern the individual stars that it consists of, even though the stars are really huge balls of fire many millions of times larger than our sun and are many light years apart. What is a lightyear? It is the distance light travels in a year. Light travels 186,000 miles in a second. Now remember that the stars we see are the closest ones. How about the billions of stars at the fringe of our universe? Can we go further??? What is beyond our universe??? We do not know. But even so we are enlightened. What do you think ignorance would see? Yes, simply little white specks in the sky just as it saw only a lump of black coal.

But now let us return to earth.

The snow melts, the earth is warmed, and under a tall stately evergreen, a little sprout burrows itself up out of the ground. Soon it spreads its leaves and blossoms into a delicate pink lady slipper that you just noticed there the other day. We ask: "What made it come up?" What could have given this plant its power? Well, we find that it has tiny cells of protoplasm. It has nuclei and chromosomes and many little green chloroplasts. But still we are baffled. We are still ignorant of the most essential matter. We must seek further and further. Deeper than the atoms and further to the understanding of life. We still cannot conceive the complete truth. We can only see the whole truth when we have discovered the smallest particles in the atoms of coal, when we can conceive of what lies beyond the universe of the stars and can understand the essence of the life of a simple flower. Until then we can only believe. But we must go further and further deeper than the atoms and higher than the highest stars.

But further we cannot go. As the boundaries of our knowledge are pushed back far enough eventually we find that proof does stop and belief must take its place.

Belief becomes the continuation of our knowledge. So in this search for truth, life and greater light, we have found the glory of God. With the light of education within us, we found belief. And through belief we see the greatest intensity of light. We find God, the Almighty Maker. And God is Truth, Life, and truly the Greatest Intensity of Light, because it was His mind which created all for us to discover.

This is the brilliant light you dedicated teachers presented. This is the brilliant light that you parents have made possible with your ever-loving care.

For all our knowledge we are indebted to you!!!

You have called us out of darkness into this marvellous light.

How can words express enough gratitude? We students know that they cannot.

However we thank you very sincerely.

Peter Krey

SALUTATORY

It is a great honor for me, in behalf of the class of nineteen hundred and sixty-two, to welcome you this afternoon to our graduation exercises. We would like to extend to all of you our sincere and heartfelt appreciation.

We would especially like to offer our gratitude to you, our parents, who have, with patience, understanding, and love, guided us thus far along our way. It is you who have shared with us unpleasant as well as happy moments, and you who have given us help when we sought it, comfort when we needed it, and advice when we wanted it.

We would also like to thank our teachers, who have prepared much of our future for us. You have counseled us so that we might be able to make the right decisions in the future; you have encouraged us to make that future a good one, and you have trained us in order that we might be capable of making it a good one.

Certainly, we realize that without the guidance of our parents and teachers, we would not be here today, marking the first step toward the beginning of what will be a *new* life for us—a life much different from that to which we have been accustomed, for we will have to depend more upon ourselves than ever before.

We are now standing on a threshold. As we look back, we are filled with mixed emotions—with sadness, because we must leave behind us forever the experiences and friends of our high school days; with happiness, because we are able to take with us so many pleasant memories.

As we look ahead, we, again, experience various emotions. We are afraid, for we cannot tell what the future will bring us; we are insecure, for we realize that no longer will we be taken by the hand and guided each step of the way; yet, despite these anxieties. we are hopeful, for we know that we are prepared to meet the responsibilities that lie ahead.

In a few moments, we will be crossing this portal and continuing on our journey in life. The receiving of our diplomas will be the first step we take along that road of the future. The way ahead is a difficult one, for we have many problems, many responsibilities to face. We cannot shirk these duties, for our country is depending upon us, as individuals, to fulfill our obligations to her. Our forefathers did their part in making America the strongest, most powerful nation in the world. Now it is our turn to do our best to keep it that way.

We must know what it is for which we are striving, then we must strongly resolve to achieve that goal. We cannot help our country unless we have a strong will, a powerful desire to do so.

Moreover, we must be willing to work hard. The world in which we live with all its marvelous inventions and labor-saving devices, sometimes causes us to develop a distaste for hard work. We have lost much of the industriousness of our forbears. We cannot, however, allow ourselves to become indolent, for if we do, we will greatly fail our country and ourselves as well.

We must have fortitude. There will be many times when it will seem as though we are accomplishing nothing, that we are, indeed, "fighting a losing battle." The victory will only be lost, however, when valor is forsaken—forsaken, perhaps, for material gains, or sometimes, simply for an easy way out of a particular situation.

All too often we throw bravery aside when we are tempted by material things, which, at the time, seem worthwhile, but, that we will soon discover, will vanish. Others of us find it "easier" not to be courageous— we lack the strength to endure adversity.

We may be the victors for a while, but it will be those of us who do not let the expectation of personal gains and those of us who do not succumb to indolence who will be the real victors.

Lastly, we must have faith—faith in our purpose, faith in our leaders, faith in God, and faith in ourselves, for if we have nothing in which to believe, nothing in which to put our trust, we will surely fail in all our endeavors. It is through faith that we will make progress and through it, and it alone, that we will find true happiness. We must remember, then, that only with determination, ambition, courage, and faith will we be able to keep America the country for which our ancestors lived, fought, sacrificed, and died.

Thus, we realize that we must now take up and follow those who have gone before us— we must do our share in preserving our great American heritage. At the same time, we realize that we must do more than go onward—we must go upward—for only by moving forward, by doing a "little bit more" than our share, will our country advance.

A country, just as its people, cannot stand still—if it is to live, it must grow. The progress of America depends upon the progress of its citizens—upon us—the youth of today, the citizens of tomorrow!

CLASS ESSAY

This year marks the culmination of a very fruitful education for the seniors, received according to our individual desires and abilities. Today is undeniably a truly memorable and happy event for those who are about to graduate and step forward into the world. Yet, it does not signify the termination of a venture. Rather, it should be looked forward to with anticipation, as the beginning of a new life, where one will find many diversified challenges.

As we set forth on our journey, we shall encounter many impediments which will delay our progress, until we can learn to cope efficiently with them. Among these challenges which we must meet are space, race, and prestige.

During our senior year, Lt. Col. John Glenn Jr. made his dramatic orbit around the world. The self-esteem of the United States, deflated by continued Russian scientific advances, was definitely bolstered by this successful flight. This event marks the opening of the door to the future and to conquests of space. It is only a milestone, however, for there will be many more, bigger and better achievements, which will accelerate our space program and lead us onto unknown paths. It is possible that a member of this class may one day be a participant in an actual space trip. Although this prediction may seem incredible at the moment, we must keep in mind the fact that our world has changed remarkably in the past few years and it is likely to continue to change at this rapid rate.

As we are aware, a great deal of emphasis has been placed on the space race in the United States. Yet, as average citizens, we can actually do very little in this space race. besides encouraging the experts. Space is important, but race is an equally pressing problem, which we can do something about. We should not devote all our time and energy to the space race. Rather, we should exert an equal effort to these other important issues.

During this past year, the racial problem has become an increasing significant challenge to our democracy and our prestige. The African countries, who have recently gained their freedom, look to the United States for support and encouragement. Yet, how can they be sure that we will not treat them with the injustice the Negroes in the United States have been shown. They may tend to adopt Communism as an answer to their needs and problems, which would deal a severe blow to the prestige of the United States. It is a problem that must be simplified and relieved. It is the civic and moral duty for us present today to do everything of which we are humanly capable to ameliorate the tension between the races of mankind. We must not shirk our responsibility. Rather, we should meet this challenge with vigor and enthusiasm, thus making this country a better place for everyone to live in.

Our prestige is important to the success of our democratic way. For a great many years, America has stood unchallenged. We have always been looked up to for aid and leadership. However, with the passing of time, and with the insertion of such problems as space and race, it is now becoming necessary for our country to assert its power. We must prove our willingness to help our counterparts around the world. Our prestige depends primarily upon our reactions to these challenges of space and race. If we concentrate upon these two vital questions, I am sure that the third, prestige, will take care of itself.

Yet, to accomplish these intents and purposes, it will be necessary for every individual to do his utmost to support these issues. We must join hands with our brothers. regardless of race or creed, and strive to achieve these goals peaceably. If the members of this class of 1962 have faith and trust in God, they can step forward into our fast moving world and make it a secure and happier place in which to live.

CLASS HISTORY

We as seniors now look back over the years and sigh, "Gee, I'm glad that's over." Suddenly as we think back over the years, we realize we are about to leave and we wish it would start all over again.

We began our high school activities a little earlier than usual with an eighth grade graduation dance. As this wasn't a usual occurence, a petition signed by the class was submitted to the office and permission was granted for the dance.

Our freshman officers included Betsy Flight as the President, Danny Moegelin as the Vice President, Charlene Sullivan as the Secretary. and Nancy Allen as the Treasurer.

Our trusty leaders for the sophomore year were Eddie Woods as the President, Maureen Nigro as the Vice President, Charlene Sullivan as the Secretary, and Nancy Allen as the Treasurer.

We really began our activities as a class in the junior year. Joe Harrington was chosen as the Chief Executive with Craig Sheerin as his assistant. Charlene Sullivan was in charge of the shorthand and Nancy Allen collected the silver.

To start the year off right, the juniors held a cake sale at Steven's Supermarket with the girls and the mothers donating the cakes, etc.

In green hats and other accessories, the juniors became walking advertisements for their dance, "The Shamrock Shindig," which was held on March 17, of course. What with Joe Harrington's Irish jig in the auditorium study hall and the election of Kevin Fields as Miss Ireland, the dance couldn't help but be a success.

Soon work was started on Junior Week which was to take place May 1st to May 6th. The Junior Banquet started the week off Monday evening. After the banquet, awards were presented to the top students in each subject. Then the controversial film "Operation Abolition" was shown with a discussion period afterwards. Nothing was scheduled for Tuesday or Wednesday, but Thursday was declared Junior Dress-Up Day. "The Fractured Follies," the Junior Variety Show, premiered on Friday night and was held over Saturday night also. Here the planned, as well as the unanticipated, happened.

The Junior Prom was held and Nancy Allen was chosen as the Queen.

Danny Gouvea represented Wilmington at Boys' State and Claudia Zaverson attended Girls' State.

At the graduation of the class of 1961, Kevin McKelvey was presented with the Canteen's Award for "good citizenship." He will in turn present this trophy to a junior at the 1962 graduation.

The keeper of the gavel for the senior year was Eddie Woods. The rest of his cabinet included Kevin McKelvey as the Vice President, Carolyn Bright as the Secretary, and Nancy Allen as the Treasurer.

The members of the National Honor Society were chosen and Kevin McKelvey was elected President. Dean Cail was elected President of the Student Council.

"Who Dunnit," the senior play, was a huge success with Dave Setterbo in the lead and Jeanne Rheaume as the littlest "angel."

This was a real year for honors for the seniors. Our senior football players with Eddie Woods as their captain led the team and captured the Lowell Suburban League Championship. They were all given a trip to Washington. Then four seniors became television stars as they appeared on Dateline Boston and won the competition against Dedham High School. These winners were Lorene Walley, Nancy Allen, Peter Krey, and Steven Ridley. To top off everything, Kevin McKelvey walked off with first place in the Rotary Speaking Contest and gained a trip to Quebec.

The members of the National Honor Society were inducted by the Haverhill High School members in an assembly on May 22.

Our Senior Prom, "Sayonara," was held and Elaine Hersom reigned as our Queen.

The Baccalaureate Services were held at the respective churches, The Senior Banquet was held on May 31st, and graduation was June 3.

CLASS WILL

We, the Class of 1962, being of reasonably sound (?) mind and memory, do hereby make our last will and testament, bequeathing the following to the members of the faculty and next year's student body:

As a token of our appreciation for their time and trouble we leave to the principal and faculty three pillories, which, we hope, will be of future aid in the detention room. To Mr. Sullivan we leave 500 tickets left over from the Sr. Play, Jr. Variety Show, and our Class dances. We leave our thanks to Mr. Bellissimo, Mr. Keady, and Mr. Ritchie for bringing our team through an undefeated football season. And to Mr. Kelley I personally leave my thanks for his help on the Class Will. ELIZABETH BRISBOIS leaves her position as Class Marshal to anyone else who has two left feet and plenty of tranquilizers. Be brave! CLAUDETTE MORASH leaves to Joanne Cavallaro her *Term Paper Manual* and a term paper supplement entitled, "Term Papers for All Occasions." JOHN WEED leaves the only place where he can buy a 25c lunch. JUNE CALANDRELLO leaves the first seat in the second row in English Class to any eligible Junior. If he'll see her privately, she'll show him where to hide the crib sheets. JENNY LEE D'ALELIO leaves the following wish: "May your light so shine before men that they may see your good works and glorify your Father which is in Heaven. STEPHEN CAIL leaves his print class to his brother, another future printer's devil. SUZIE AHEARN leaves her basketball uniform to anyone whom it may fit and the best of luck to next year's basketball team. DAN HARDIN and RON CHRISTOPHER leave their high positions in the detention room to any worthy Juniors interested. JAMES ZACCAGNINI leaves his corner to Billy Wendell and John Robbins. ROY MacKENZIE leaves nothing . . . He thinks he'll need everything he can carry out of here. TOM SOUTHMAYD leaves all his sweaters to next year's best dressed Senior. EDWARD LEWIS wishes he could leave a car that would beat anything in the parking lot. (Or maybe he really wishes he could take it with him.) BARBARA McLAUGHLIN leaves her *quietness* (?) to Frank McLaughlin. TERRY SURRETTE and LARRY HENAULT leave their sympathy to the underclassmen. JIM SOUTHMAYD leaves his ENGLISH BOOKS to Jan and Cliff—(They're practically new.) GENNY BASON wishes to give all the Juniors all the parties we've had in the lunch room and all the good times we've shared here. ROBERT WEATHERBEE leaves his title of "NO. 1-school-parking-lot-dragger" to next year's driver ed. class. HELEN KROLL leaves many, many school years to the babies in their high chairs. PAULINE PARK leaves all her books for her brother Allen, with no regret. CHARLENE SULLIVAN leaves her sister Janis to Albie Hall. MAUREEN NIGRO leaves her brother Frank. (Where shall we put him???) NICK DEL NINNO leaves his history grades to any Junior who wants them, or needs them, or wishes he didn't have to have them. MARILYN OLSON leaves her copy of ELIZABETHAN DRAMA to some "lucky" Junior who thought Shakespeare was a new African wardance. TOBY HALE reluctantly hands over his massive size to any undergraduate willing to cope with it. ROBERTA KENNEY leaves behind her this quotation from Macbeth, "The night is long that never finds the day." LINDA LASKEY leaves her comptometer to anyone of next year's Seniors who doesn't have 13 fingers. ROBERT RILEY leaves his heavy foot to any fast driving Junior. AL FAIRBROTHER leaves the Christmas Hoochicooch to Dick Silverman and to Gary Balser, Jamaica and a basilisk. ELAINE HERSOM leaves her cheerleading uniform to her sister Dottie. ROBERTA HUNT and DOROTHY SANBORN leave WHS with pleasure. PATRICIA LEHR leaves Miss Marlands term paper assignments. JAMES SZADIS leaves all his broken pens to Cindy. FRANK GRATCYK leaves a book, *How to Ruin a Mimeograph Machine* to next year's Seniors. CAROL ANN DIETRICH bequeaths her stepped on toes, bruised elbows, and other battle scars from the lunch-time rush at WHS. Also, she leaves her place as head majorette, with all its fun and duties, to Elaine LaRivee. KATHRYN V. TOTI leaves her knowlege to her brother to be carried on in spite of himself. LORRAINE ZUCCOLA leaves her book *How to Get Studies Without the Office's Knowledge* to Mary Simes. ALLAN MUISE bequeaths all his worn out bicycle tires to Norman Norton. (Maybe Norm will have better luck getting to school on time than Allan did.) KEVIN McKELVEY leaves his scratched, torn, and dented briefcase, which has withstood much travel and wear, to the incoming Seniors of 213, with the hope that they will enjoy hiding it as much as Richard and the fellas did this year. LORRAINE GURSKI leaves her laryngitis to Mr. Gallucci. SANDRA BERG relinquishes her brother Butch to Lorraine's sister Sandy. LORRAINE MATTHEWS relinquishes her sister Sandy to Sandy's brother Butch. (I wonder who got the better of that deal?) CAROL NATOLI leaves a pair of scissors to next year's Senior typists with long fingernails. ARTHUR KELLEY and THERESA BARNABY leave all their scholarly belongings, including books, desks, lockers, and seats, to next year's Seniors. SULLY, ELAINE, that is, leaves all her "nicknames" and "No. 3" uniform to Cheryl Zaino. ANITA HENDRICKS abandons locker #443 and its contents: 2 rotten egg sandwiches, 15 chewed pieces of gum, one old gym towel, and two apple cores to Mr. Driscoll's clean-up crew. JEANNE RHEAUME AND ALICE WEBSTER leave their brothers Jim and Danny. (That's a Jim-Danny of a donation, Girls.) BETTY JANE MacDONALD leaves all her unused "umph" to next year's basketball team, especially to Judy Halpin and Esther Corum. BOB BLACKBURN offers one 5th grade math book to next year's physics class. KEVIN FIELD hereby leaves numbers "3" and "27", total 29, to an underclassman and wishes him and all the athletic teams the best of luck. BETSY IMBIMBO leaves her fond memories of the co-operative faculty. ED WOODS leaves his dictatorship behind. CHARLENE WOOD leaves to her sister a book entitled "The Disadvantages of Being a Senior." ANN HASTINGS bequeaths the corner table in the small cafeteria to next year's Seniors. JUDY DOUCETTE passes on the Captain's duties to Ginnie Casey. CAROLYN BRIGHT and MARY PRATT leave their red hair to their brother and sister with a warning to stay away from bulls. DEAN CAIL . . . don't donate nothin' to nobody! RONALD KNIGHT leaves a purple marking pencil to the English Dept. LORENE WALLEY yields her unused seat in the detention room to anyone who would care to occupy it. JOHN BISHOP requests that his pipe and tobacco be left to Mr. Lentine. CHARLOTTE COVELLE passes on the happiness

and excitement of one's last year in school to all the Juniors. In the hope that they may someday be given to the Smithsonian Institute, STEPHEN BABINE requests that his 540 gum wrappers be preserved. NANCY HOWE leaves four years of success and happiness to her up and coming brother Dick and her cousin Joyce. "Best of luck." DENNIS DELUCIA passes on to Curtis Pellerin the same thing that was left to him last year—a pair of small rubber booties with holes in them. BEVERLY WISEMAN leaves a display of her "artistic talents" in her books and desks to future Seniors who have a bounteous supply of erasers. DAVE SETTERBO leaves to his sister Vicki 763 pencils loaned to him during the past four years. MARILYN McKAY leaves her blessings to next year's Seniors. GINNIE BABINE leaves her cheerful smile, good humor, and her outstanding reading ability to Miss Marshall who may bury it if she sees fit. CHERIE LYONS leaves everything of hers that Eileen has broken, such as a certain seat, to whoever can fix them. (Any prospective plumber should be able to fix the seat, I understand.) CLAUDIA ZAVERSON leaves all her bumps and bruises to next year's field hockey team. LINDA PRESCOTT leaves her red face to any Junior who gets embarrassed easily. PETE KREY leaves a box of quackers for the Science Fair—ducks, or geese. JOHN NELSON leaves Earl Lesperance four credits. DIANNE A. ROOT leaves to her brother Charles, the long rides to and from school, also all her tardy slips. ROBERTA MILES leaves her locker to the next successful opener. FRANCES SIMES leaves her excellent control of the softball to Peggy Montague, and her duster for tight situations. NANCY ELWELL leaves her Senior year to start all over again as a Freshman. VINCENT MARCHANT leaves his crying towel to the Seniors of next year who will have to use Mrs. Webber's mimeograph machines. JOE FRANCIS leaves his girls and ALL their problems to Joe Waterhouse. EILEEN TUPPER leaves to next year's basketball captain the chore of making all the girls take showers. (I trust you mean the girl's basketball captain, Eileen.) CAROLE KASABUSKI leaves with Mr. Dicey's secret marking system, and to Miss Wilson and Mrs. Erickson she wills her rings, jewelry, and sneakers. DAVID FULLER leaves four pounds of physics makeup work to Dr. Farello. GEORGE LAFIONATIS leaves the inalienable right to use slide rules in physics class. ELLEN LATTA leaves her long red hair and her Irish temper to anyone who thinks he can handle them. RALPH JOHNSON leaves all his exhaust fumes for someone without a motor. FRED ARSENAULT donates his book of jokes to Mr. Kelley, who is in desperate need of new ones. BETSY FLIGHT bequeaths her bottle of red hair dye to Joyce Randall to use with discretion. ROBERT MILLS leaves his coon's tail to Georgie B. NOREEN CANELAS departs with their contents, but leaves behind a locker full of English books to some fortunate Senior of next year. WILLIAM TUPPER leaves to good old WHS all his unused bombs. STEPHEN RIDLEY offers one pair of slightly used social butterfly wings to any aspiring physicist; he also leaves a somewhat worn out Eigenmannia Viriscens. KATRINE KEOUGH leaves to her sister or to any girl in the Junior Class the Know-it-all she had as a Freshman; the little less as a Sophomore; the Honest Doubt as a Junior; and the complete befuddlement as a Senior. Now she is graduating and acknowledges she knows next to nothing. To the Juniors, we as a class, leave our unfinished work and a great deal of advice. To the Sophomores we leave our love of money-making. And to the Freshmen we leave the right to belittle the underclassmen and the hope that none of them are bigger than you.

We do hereby sign and seal this document on the 31st day of May in the nineteen hundred and sixty-second year.
